ABDULRAHMAN ALDULAIJAN

Intern Software Engineer

As a recent graduate in Information Systems, I am passionate about **mobile** and **web development**, **UX/UI design**, and problem-solving. Work at Algosaibi Services, I've built my technical and practical skills through significant projects. I am looking forward to new opportunities to expand my skills and experience.

EXPERIENCE

Intern software engineer

August 2023

- Developed an **Azure Function** to validate employee IDs by processing HTTP requests, utilizing local JSON files for data storage and verification, while also designing a Power Automate workflow to validate and handle employee IDs and track submissions using Microsoft Forms for data collection.
- Assisted in **managing La Isarf** project Website & App, including getting SSL Certificate and Two-Factor Authentication, For **software** and **user acceptance testing**, noticed website issues like overlaps and date miscalculations. Also requested in the app data must be collected offline for multiple purposes
- Attended a specialized training session on Microsoft Power Platform, including Power Automate, Power Apps, and Power BI.
- Currently developing a **web-based form** application that automates the process of submitting requests, replacing traditional paper-based methods.

PROJECTS

Myportfolio

VS Code

○ **form-fill-app**

VS Code

A responsive and comprehensive showcase of my technical capabilities in JavaScript, HTML, and CSS, highlighting various projects, designs, and functional features.

A concept form webpage using React.js, TypeScript, and CSS. It aims to integrate webpages with database, collection, and storage via Firebase.

EDUCATION

○ **Bachelor Of IS**

Graduated 2023

Umm Al-Qura University

○ **Courses**

- Satr Full-Stack .NET
- Satr & dbestech Flutter course
- Train in Learn Microsoft in Power Platform

MY SKILLS

- Java
- Dart & Flutter
- Python
- JavaScript
- HTML & CSS
- React
- Bootstrap
- MySQL
- MATLAB
- Git
- Power platform
- Teamwork and collaboration
- Problem-solving
- Attention to detail
- Active listening
- Time management
